I hocke gmüetlech ire Gartebeitz, u d'Sunne schiint für mii,
i ha gnuet Zyt u chli Stutz im Sack, u d'Frölein sitzt grad näbe mir,
I ha guet g'ässe u ha ke durscht meh, u chönnt doch z'friede sii,
wär da nid eine choo, är wüssi weder uus no ii,
är het gfluechet übere Staat, het uusgrüeft über d'Schmier,
het sech uufgreet abem ganze Salat, und überhaupt, sig's dernäbe hie....

Da chunnt mis chliine Ching zu mir a Tisch, mit em Lache ufem Gsicht,
fragt:"chani es Glace ha?" u villicht wüssi no n'e gueti Gschicht?
iha nid lang studiert u ihm verzellt, är sig der Märliprinz,
är sig so starch wie der He-man, u scho morn, ghöri ihm die ganzi Wäut,
und i ha dänkt a die giftegi Luft, und AIDS isch mir i sinn cho,
und i ha gwüsst, es liegt Chrieg i der Luft, und überhaupt's isch es schlimm hie...

When i saw you walking down the street, and a stranger on your arm,
you were kissing and laughing around, is it this, what you were looking for?
Then i saw you hanging in this Bar, and all of you were drunk,
you were joking and fooling around, was it this, you were looking for?
I remember the days, we were together and happy too,
i remember the nights, we were flying in the same sky...

You must be living on a different World,
you must be living in a different time,
you must be living on a different star,
you know you'r much to far.
Are you living in a different town,
living in another house,
are you living a different live,
so far away from mine.
Are you beliving in a different live,
are you beliving in a different God,
are you living on a different star,
you know you'r much to far.
